<b>Sum: 250</b>		

This license is issued based on information provided in your asbestos abatement notification received **September 29, 2021**. Please refer to the license number above whenever you communicate with DHEC about this project. Use of this license indicates your agreement that the information herein is accurate. This license is non-transferable and is issued subject to the following conditions:

I. Removal or other abatement activities which have the potential to disturb regulated and/or non-regulated asbestos shall begin **10/11/2021**, and shall complete **10/25/2021**. If there is any change in these dates, you must notify DHEC in accordance with applicable State and Federal regulations.

II. Based on the information you have provided, the license fee is \$ for this project. You will be billed for any amount due. If the amount of asbestos material abated increases after the project has begun, you must amend your notification and pay any additional fees. If at any time during the project the non-regulated material is rendered regulated, you must immediately amend your notification, comply with all applicable regulations, and pay any applicable asbestos abatement fees.

III. You are hereby authorized to dispose of asbestos waste from this project at the **CAROLINA WASTE LANDFILL (FORMER AFFORDABLE) (182765-1201)**. Authorization is valid only for the amount of asbestos indicated above, and for a reasonable amount of other asbestos-contaminated materials generated during this project. You must obtain prior approval for disposal from the landfill operator. There shall be no leakage or spillage during transport. Authorization for disposal shall expire forty-five (45) days after **10/25/2021**.

IV. At the conclusion of this project, you must submit a completed copy of your Waste Shipment Record to the Department.

The SCDHEC Division of Solid Waste Planning & Recycling also has rules governing the disposal of materials that have come in contact with lead-based paint. Materials which have been painted with lead-based paint must be disposed of in a Class Two or Three Landfill. Please contact the Bureau of Land and Waste Management for additional information.

A handwritten signature in black ink, reading "Jennifer Lynn Boryk". The signature is fluid and cursive, with the first name "Jennifer" being the most prominent.
